CHRIS CHIN
Software Engineer
Brooklyn, NY

(718) 496-8862   chin.christopher@gmail.com
https://www.linkedin.com/in/chrischindev/   https://github.com/chrischindev

TECHNICAL SKILLS

JavaScript, React.js, Redux.js, HTML5, CSS3, Express, Node.js, PostgreSQL, Sequelize, GIT, Webpack, Heroku, OAuth, Passport.js, RESTful API, C#, Unity

PROJECTS

Recipix | Group Project | https://expo.io/@recipix/Recipix | https://github.com/Recipix-1909/Recipix
A mobile application that allows a user to add items from their fridge via barcode scanning and generates a list of recipes they can create based off of those ingredients
- Designed, created, and deployed a mobile application within 2.5 weeks
- Implemented barcode scanning, UPC/barcode lookup, recipe search, and recipe filter functionality
- Developed with React Native, React, Redux, Sequelize, Express, Expo, Edamam API, Spoonacular API

Race Hopper | Solo Project | http://bit.ly/racehopper | https://github.com/chrischindev/racehopper
A 3D platform video game built with the WebGL API designed to be played in the web browser
- Designed, created, and deployed a video game within 2 days for a coding bootcamp hackathon
- Created UI and level designs
- Programmed collision detection, sound effects, score manager, and scene manager
- Developed with Unity game engine and programmed in C#

Bot-Buddies | Group Project | botbuddies.herokuapp.com | http://bit.ly/ghbotbuddies
An ecommerce web application for buying robots, deployed using Heroku
- Designed and implemented a cart functionality which lives in the state, is managed through React-Redux and persisted over sessions
- Developed with React, React-Redux, Sequelize, Express.js, PostgreSQL, Semantic UI React

PROFESSIONAL EXPERIENCE

Opening Ceremony, LLC, New York, NY
Accounts Payable Manager   Jan 2016 – Mar 2018
Staff Accountant   Aug 2013 – Dec 2015
Accounts Payable Clerk   Jan 2012 – Jul 2013
- Oversaw the A/P processes for an e-commerce fashion retailer with multiple stores throughout the US
- Managed accounts payable for over 300 suppliers whose shipments totaled more than $1M per month
- Prevented overpayments to suppliers and saved the company thousands of dollars each month by issuing vendor chargebacks for shipment, purchase order, or invoice discrepancies
- Closed A/P sub-ledger on a monthly basis and reconciled intercompany payable accounts

Strike Holdings LLC, New York, NY
Accounting Intern   Jul 2010 – Dec 2010
- Reconciled bank statements for the highest-grossing bowling alley in the United States
- Assisted accounts payable with matching purchase orders to invoices and recording invoices
- Handled credit card chargeback requests and prevented fraudulent chargebacks
